Style and Durability at its Finest!

The M2...the perfect bus!

The Ameritrans® M2 proves once again that TMC does not compromise style or quality.

The M2 allows for comfortable spacious seating. The Mercedes engine and "Airliner" Air Ride suspension provide a stress free smooth ride.

The multi-purpose versatility of the M2 does not stop with carrying passengers. It can be designed as a specialty vehicle to sell or display your products, provide on-site medical care and testing, or even to train the executives of the future.

Experience luxurious traveling in the M2

This 36 passenger bus has all the amenities you desire for that special adventure. Experience comfort, safety, and quality for yourself when you step into our M2.
