

SYNERGY

Synergy shown with optional equipment

Loaded With Luxury.

Surround yourself in elegance and refinement with the Synergy, built by combining tomorrow's technology with today's best quality. From the rock-solid "steel-safe" construction to the finest fit and finish in the industry, the Synergy gives you the best of both worlds.

With the ergonomically designed driver's area, it delivers power and grace at your fingertips.

The commanding view through the two-piece windshield, taller interior for optimum headroom and curved modesty panels for more hip-to-knee leg room, ensures your passengers will be impressed with the first class comfort.

The ample underbody pass-through luggage compartment gives you maximum cargo room with easy access.

The operators and owners will appreciate the user-friendly, large interior and exterior engine access panels and smooth floor cove molding for ease of maintenance. You can embrace luxury with the exclusive lounge option that includes a separately controlled, top-of-the-line 20" flat screen TV/DVD electronic package, climate control, and "horse-shoe" seating with two sleeper sofas for the ultimate in comfort. Combine all this with Glaval's commitment to the highest quality standards, safety and after-market service, and you will experience the new evolution in transportation.

"Steel-Safe" construction wraps passengers in strength and comfort. The subfloor of welded square tube steel is covered with 3/4" pressure-treated MarineTech plywood. A welded steel cage frame is filled with solid-block dense foam insulation and laminated to an exterior skin and interior walls that give you durability and strength. Glaval buses have a 5 year/100,000 mile limited warranty.

Specifications

Chassis	Freightliner XB-R
Wheelbase	242"
Engine	Cummins ISB-02 275HP
Transmission	Allison 3000 PTS
Tires	Radial
Exterior Height	135"
Exterior Width	102"
Interior Height	80"
Interior Width	97-1/2"
Length	38' 4"
GVWR	33,000
Underbody Luggage Capacity	275 cu ft
Turning Radius	36' 8"

SYNERGY

Standard Features

Chassis

- Freightliner XB-R
- Z-F IFS Front Axle
- Neway ADL Rear Axle
- Front and Rear Air Suspension
- Cummins ISB-02 Engine
- 270 Amp Alternator (Leece Neville)
- 100 Gallon Fuel Tank
- Allison Transmission (3000 PTS)
- Transmission Auxiliary Cooler
- Dual Seltec TM21 Compressors
- Wabco ABS Air Brake
- Cummins Exhaust Break
- Cruise Control
- Dual Deka Group 8D Batteries
- High Idle
- TRW Tilt/Telescopic Steering "Smart Wheel"
- Dual Rear Wheels
- Hour Meter
- Electric Mounted Spare Tire Carrier
- OEM Rear Exhaust
- Alcoa Aluminum Wheels
- Engine Alarm/Shutdown
- OEM Chrome Exhaust Deflector

- Michelin XZE Tires
- Steel Raised Rail
- Dana Spicer Drive Shaft With Half Round Yokes
- Sauer-Sundstrand Temperature Controlled Hydraulic Driven Fan Assembly with Kysor 28" 9 Blade Fan
- Bendix Air Valve Parking Brake

Conversion

- Single-Piece Structural Panel Assembly Including Steel Frame, Dense Sanded Foam Insulation, and Luan Laminated to High Gloss FRP Exterior and Fabric Interior Walls and Ceiling
- Galvanized Stepwell
- 3/4" Pressure-Treated MarineTech Plywood Flooring
- Altro Commercial Flooring
- Cove Molding
- 3-Piece Front Fiberglass and 4-Piece Rear Fiberglass Cap
- Pneumatic Door, 30" Bode Sedan Door
- Track Seating
- Side Directional Lights
- Pass Thru Under Vehicle Luggage Compartments

Climate Control

- Ducted Air System Carrier A/C & Heat 310

Electrical

- Electrical Panel (with Exterior Access Door)

Safety

- Escape Hatch
- Hand Rails, Entrance (Right Hand and Left Hand)
- Emergency Dual Pane Egress Window
- Safety Package: Extinguisher; FA Kit; Triangles; Backup Alarm
