

▶ The Prodigy XP Series | **STARCRAFT BUS**

a division of Forest River, Inc.

▶ Introducing the Prodigy XP...a simple, safe and reliable activity bus manufactured to meet all your transportation needs. The Prodigy XP was created specifically for daycare centers, after-school programs and school corporations that require MFSABs to transport their children. Designed and built from the ground up, the Prodigy XP utilizes the same body style as Starcraft's highly successful Xpress Series. In keeping with Starcraft's commitment to put safety first, the Prodigy XP offers steel-cage construction, seat belts and various other safety features as standard equipment. Whether you are looking for a 14-passenger floor plan with school bus or activity bus seats, the Prodigy XP boasts the longest list of standard features, the fastest delivery time in the industry, and is aggressively priced, making it the best value in the MFSAB market today.

Starcraft Bus, a division of Forest River, Inc. is owned by Berkshire Hathaway, one of the most respected and financially secure companies in the industry.
