

Multi-purpose Specialty Vehicles for Law Enforcement Teams

*Manufacturer of Innovative
Transportation since 1962*

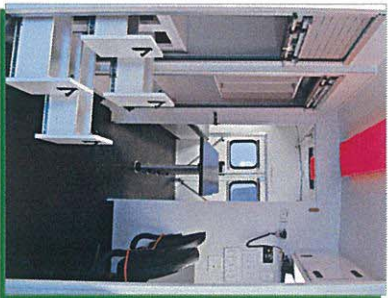

SWAT / HOSTAGE NEGOTIATION

Vehicles custom-built to the end user's specifications.

Usual features include:

- Secure weapons and ammunition storage
- Custom designed storage for other breaching and entrance equipment
- Small command station and hostage negotiation area with throw phone and camera capability

UNDERWATER SEARCH & RECOVERY TEAM

Custom-built to end users' specifications, these vehicles usually are equipped with:

- Lockers for diver's street clothes and personal items
- Storage for wet suits, BC's, flippers, weight belts
- Storage for spare air tanks
- Donning stations for divers

These units can also have restrooms, galleys and small command areas.

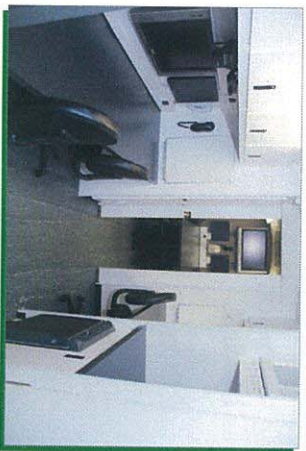

MOBILE MEDICAL COMMAND VEHICLES

These vehicles are equipped with a command area which has the capability of

communicating with diverse federal, state and local law enforcement agencies, hospitals and other medical facilities.

This unit also has a cargo bay which can contain containerized emergency medical equipment, especially for a biological or weapons of mass destruction attack.

REHAB / TRIAGE VEHICLES

Used by police and fire departments as a place where personnel at emergency sites can warm up and shelter from weather, recover from exhaustion, and be treated for smoke inhalation or breathing difficulty.

These vehicles are usually equipped with the following:

- Restroom
- Galley
- Bench seats
- Oxygen stations

These units can also be set up as triage units and for evacuation of a larger number of people who are ambulatory.

PRISONER TRANSPORTATION

Secure transportation

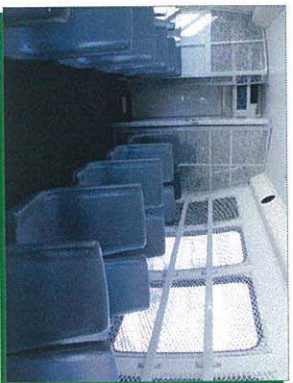

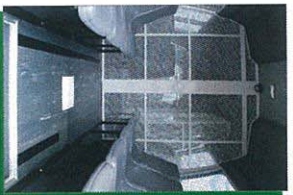

for up to 40+ prisoners. Smaller models built on Ford E350 and Chevrolet 3500-Series chassis are a safe alternative to the 15-passenger van. All Prisoner Transport vehicles offer 9-ga expanded steel security caging with integrated keyed-alike dead-bolt locking systems.

Available equipment options include:

- Waterless restrooms
- Front & rear guard stations with intercom, personal lighting, 12V and 110V receptacles for computer and cell phone operation

- Under-floor belly storage boxes for carrying prisoner records or personal effects (larger vehicles only)

WHAT CAN WE DESIGN FOR YOU?

TURTLE TOP Specialty Vehicles are custom designed to the end user's specifications and other possibilities include:

- **Mobile CSI Units** with secure refrigerated and dry storage space for evidence collected at crime scenes.
- **Bomb Squad Vehicles** that can be set up to carry robots used to collect and handle evidence. Vehicle can be outfitted with ramps or lifts to deploy the robots and command/control centers for secure operation of the equipment.
- **Surveillance and Narcotics Investigation Units** can be built to disguise the use of vehicle and will contain audio and video equipment along with testing equipment for identification of drugs.

Turtle Top's Sales and Engineering Teams will work with you to design a vehicle that meets your specific requirements.
